## IDRF's Qurbani Program

Eid ul-Adha is a day when the practice of Qurbani/Udhiya (sacrifice) and sharing with everyone is encouraged and celebrated.

It is a time of year when those of us who are blessed with extra, are expected to spread the joy of Eid to those less fortunate. We do this by sharing what we have and making a sacrifice from the example and spirit of Prophet Abraham.

For many around the world, having meat as part of their diet is a luxury. For some, Eid-ul-Adha may be the only time of the year they actually receive meat for themselves and their family.

This year, your giving and sacrifice helped thousands of those less fortunate to celebrate the day of Eid and share in the blessings of life together.

**Thank you!**

# How our Qurbani works

You chose the region and we took care of the rest!

When you gave your Qurbani to IDRF this year, we took care of everything. From animal care to sacrifice and distribution. All you had to do was choose the region and we took care of the rest!

With your donation, we ensured that the most vulnerable families received fresh meat within the three days of Eid. We also worked with experienced butchers and faith leaders in each community to ensure the entire process is ethical and in accordance to Islamic tradition.

Chose the region you would like your Qurbani to take place in.

We worked with partners on the ground, to assess and identify the needs of our beneficiaries.

Our office determined and arranged payment for livestock in advance to ensure all shares of meat are met on time.

Our teams on the ground ensured that all animals are ethically treated in accordance to Islamic law.

Fresh meat was immediately distributed within the 3 days of Eid.

# This Dhul-Hijjah, you have helped us share the joy of Eid in 23 countries.

# How we delivered your Qurbani to Gaza

The meat for your Qurbani was procured, slaughtered, and packaged (canned) in Egypt. It was then transported through the Rafah crossing using cold storage trucks to ensure it remains in optimal condition. Fresh or frozen meat would be impossible for families in Gaza to store, without electricity or cooling. As such, this method helped maintain its freshness throughout the transportation process until it reached Gaza.

We partnered with UNRWA and WFP to facilitate the transfer of aid, allowing for a smooth delivery process.
